

GET TO KNOW US

ClimateFast formed for a 2012 fast held to emphasize the demand that the Canadian government address climate change.

It worked! 130 MPs and 13 Senators pledged support for increased federal climate action.

In 2015, the name ClimateFast came to mean “we need action on climate FAST”!

ClimateFast

ClimateFast is a 100% volunteer powered community of activists who envision a thriving world where the climate is safe for all living beings and ecosystems.

Together we work to build and support a strong, informed civic movement that makes climate justice a top priority and motivates our elected officials to take decisive and urgent action.

Join us. Join the movement.

OUR FOCUS

Government Action

ClimateFast volunteers initiate or participate in climate action campaigns at all levels of government. We meet with elected officials to voice our concerns, engage in public consultations and lobby for increased climate ambition.

Citizen Empowerment

ClimateFast strives to empower Canadians through direct actions, educational events, public meetings and webinars designed to provide people with the tools they need to create change.

Direct Action

Non-violent direct action, like vigils and rallies, either organized by ClimateFast members or in coalition with other groups, is another focus for the group.

GET INVOLVED

Keep Informed

There are many ways to get involved with ClimateFast. Take a look at our website and sign up for the monthly newsletter to get started!

Volunteer

ClimateFast has a number of committees working to bring climate justice to the forefront - from one dedicated to municipal work to one that keeps the website going. If you are interested in volunteering in any capacity send us an email to volunteer@climatefast.ca

Donate

If you are encouraged by our work, perhaps you would consider donating to ClimateFast via our website or by sending a cheque to:

ClimateFast
c/o Friends House
60 Lowther Avenue
Toronto, Ontario, M5R 1C7

THE KTCC

Kitchen Table Climate Conversations is a program that recognises that one of the most important climate actions people can take is to talk about it!

ClimateFast provides training and valuable tools and resources to enable people to host or facilitate their own climate conversations.
